## A TOUCH OF GENTLENESS

In less than 3 square metres, a thermal sauna that by irradiating heat recreates the same effect of an ancient Roman spa, offering soft and coddling sensations. For a mild heat bath without contraindications.

## ™ SweetSauna 50

YOUR PRIVATE SPA AREA

Sweet Sauna 50 by Starpool is the thermal sauna of elegant design and superior quality of materials that in less than 3 square metres offers the same levels of reliability and effectiveness of a professional sauna in the intimacy of your own home.

Sweet Sauna 50 – built to accommodate up to two persons without sacrificing comfort and space – is the ideal product for creating a veritable heat bath in a hotel suite, but also for providing added value to small spaces, yachts or private homes.

## YOUR WELL-BEING A FINGERTIP AWAY

Simple and intuitive to use, the Sweet Sauna 50 capacitive touch-screen panel allows you to immediately command all of the functions simply through your fingertips: it's the heat of your finger that expresses your wishes.

### HEAT BATH

Heat is radiated from the walls to recreate the beneficial conditions known to ancient Romans in their spas: a temperature of 50°C and 10-20% relative humidity. Conditions that guarantee evenly distributed and deep sweating.

### AROMAS

The natural scent of durmast makes this heat bath even more enveloping, while a selection of delicate essences accompanies you towards newly fragrant experiences.

### WELLNESS CIRCUITS

Four different choices based on the main wellness objectives. One touch to select your favourite circuit and enjoy a new level of gentleness. Twenty minutes immersed in a heat bath with colours, music and the olfactory benefits of the aromas.

### COLOURS

The colour outlines the elegant lines of the slats, creating the ambiance that best suits your mood. The light sources create thrilling effects without dispelling the sense of intimacy.

### MUSIC

You may personalise your Sweet Sauna 50 with your own favourite music. Additionally, each of the four different wellness circuits has its own sound frequencies track aimed at enhancing the benefits of each circuit.
